Company Profile

Foundation & Mission

Founded in 2012, Creade is a modern brand manufacturer specializing in the R&D, production, and sales of hotel in-room appliances. With a mission to deliver exceptional, integrated in-room appliance solutions, we are rooted in China and serving customers worldwide.Our 50,000 m² modern production campus is equipped with world-class manufacturing facilities, enabling us to provide global hotel partners with high-standard, high-performance appliance solutions.

Philosophy & Capabilities

Guided by our business philosophy—*craftsmanship shapes quality, innovation drives the future*—Creade is led by a founder with 20 years of industry experience and supported by a professional R&D team of more than 50 engineers and a manufacturing team of over 500 staff.We begin with forward-looking insights into user needs, combining precision mold design with automated and intelligent production processes. This enables us to build a full-chain quality control system from design to delivery, ensuring outstanding product reliability and efficient manufacturing.

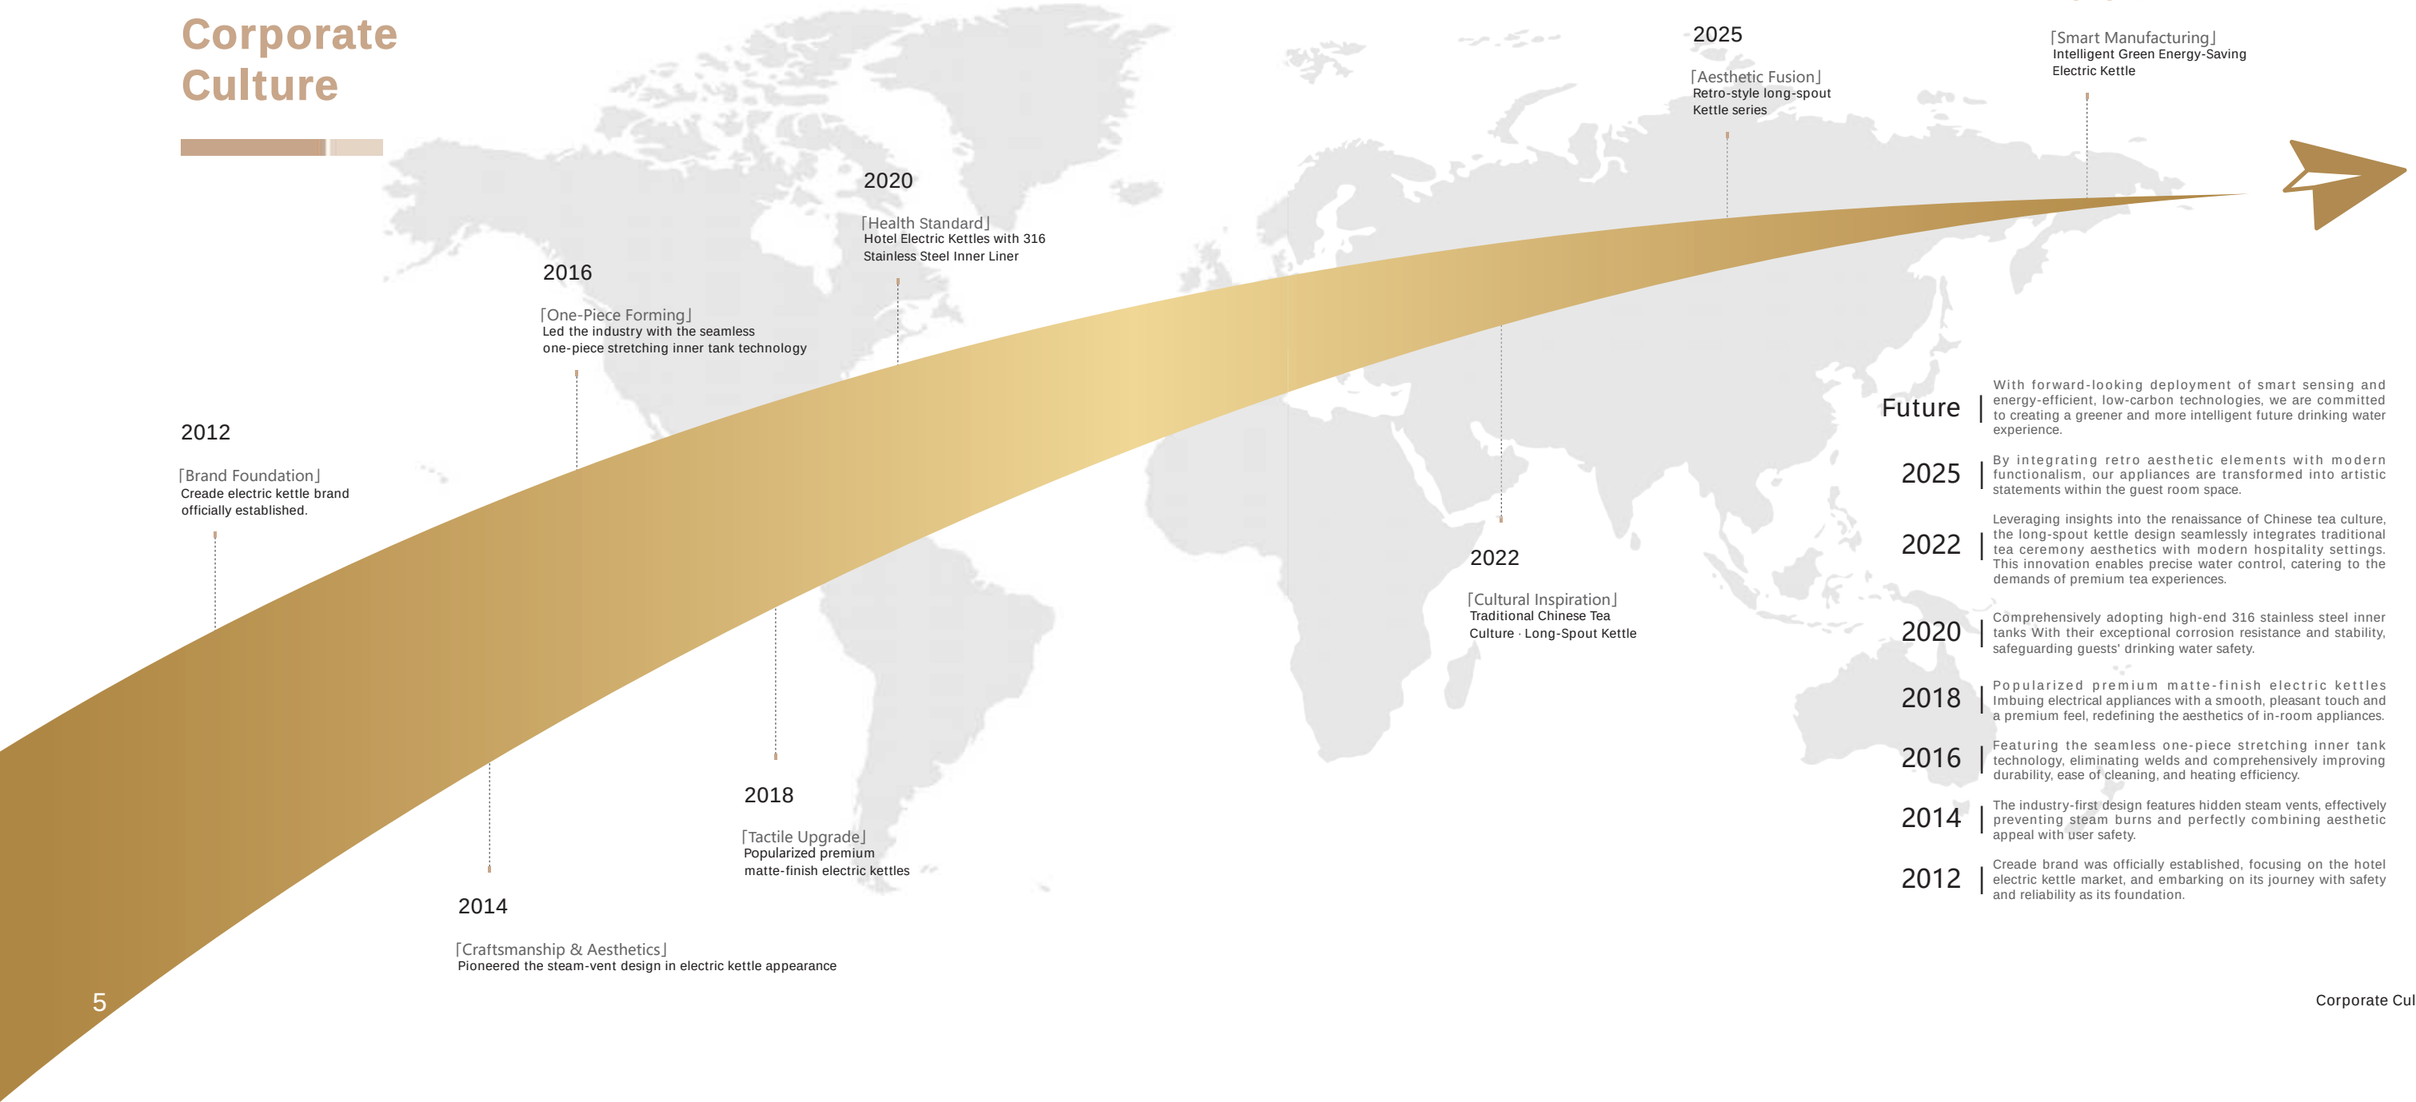

Reputation & Partnerships

With 15 years of dedicated focus on hotel in-room appliances, Today, Creade is a trusted partner in the hospitality industry. Our cooperation portfolio includes internationally renowned hotel brands such as Fairmont, JW Marriott, InterContinental, Shangri-La, Kempinski, Lamborghini Hotels, MGM Resorts, Indigo, Banyan Tree/Angsana, Hyatt Place, Hilton, Mumian, Pullman, Crowne Plaza/Holiday Inn, Wyndham Grand/Wyndham, Howard Johnson, Sheraton, Courtyard, Fairfield, Moxy, Novotel, Radisson Hotel Group, Junlan, Kaiyuan, Fengyue Resorts, Wanda Hotels, Jin Jiang Group, Homeinns, Dongcheng International, Atour, Empark, Mehood, Huatian Group, China Southern Airlines, Qian Na, Nanyuan, and many other regional star-rated hotels across China.

Vision & Future

Looking ahead, Creade will continue to uphold the spirit of craftsmanship while leveraging strong R&D capabilities and large-scale manufacturing strengths. We will keep advancing innovation and enhancing product experiences, providing safer, more comfortable, and smarter in-room appliance solutions.Our long-term vision is to empower travel spaces worldwide and become the most trusted benchmark brand in the global hotel in-room appliance industry.

Corporate Culture

2012

「Brand Foundation」
Creade electric kettle brand officially established.

2014

「Craftsmanship & Aesthetics」
Pioneered the steam-vent design in electric kettle appearance

2016

「One-Piece Forming」
Led the industry with the seamless one-piece stretching inner tank technology

2018

「Tactile Upgrade」
Popularized premium matte-finish electric kettles

2020

「Health Standard」
Hotel Electric Kettles with 316 Stainless Steel Inner Liner

2022

「Cultural Inspiration」
Traditional Chinese Tea Culture · Long-Spout Kettle

2025

「Aesthetic Fusion」
Retro-style long-spout Kettle series

FUTURE

「Smart Manufacturing」
Intelligent Green Energy-Saving Electric Kettle

Future | With forward-looking deployment of smart sensing and energy-efficient, low-carbon technologies, we are committed to creating a greener and more intelligent future drinking water experience.

2025 | By integrating retro aesthetic elements with modern functionalism, our appliances are transformed into artistic statements within the guest room space.

2022 | Leveraging insights into the renaissance of Chinese tea culture, the long-spout kettle design seamlessly integrates traditional tea ceremony aesthetics with modern hospitality settings. This innovation enables precise water control, catering to the demands of premium tea experiences.

2020 | Comprehensively adopting high-end 316 stainless steel inner tanks With their exceptional corrosion resistance and stability, safeguarding guests' drinking water safety.

2018 | Popularized premium matte-finish electric kettles Imbuing electrical appliances with a smooth, pleasant touch and a premium feel, redefining the aesthetics of in-room appliances.

2016 | Featuring the seamless one-piece stretching inner tank technology, eliminating welds and comprehensively improving durability, ease of cleaning, and heating efficiency.

2014 | The industry-first design features hidden steam vents, effectively preventing steam burns and perfectly combining aesthetic appeal with user safety.

2012 | Creade brand was officially established, focusing on the hotel electric kettle market, and embarking on its journey with safety and reliability as its foundation.

Qualification Certificate

Innovation is regarded by our company as the fundamental driving force for enterprise development.

Having undergone rigorous auditing and evaluation, we are certified under both the ISO 9001:2015 Quality Management System and ISO 14001:2015 Environmental Management System, achieving internationally advanced standards in quality and environmental management. Upholding the principle of quality first and a commitment to serving our customers, we continuously enhance our quality management practices while advancing technological innovation. By fully implementing self-process completion, we prevent any non-conforming products from leaving our facilities, thereby providing our clients with superior products and services.

Patent Certificates

100+

With over 100 patents held, we provide solid technological support for product innovation and continuously strengthen our core technology barriers.

R&D Design Engineers

50+

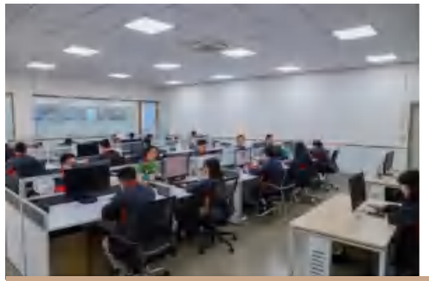

From tackling technical challenges to translating innovations into reality, a team of 50+ design and R&D engineers work at the forefront, driving continuous product iteration and advancement.

Employee Base

500+

Driven by a workforce of 500+ employees contributing across various functions to product creation and manufacturing.

Striving for Excellence, Continuous Improvement

K-ZJ008

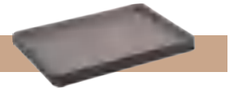

Product Size
165*180*18 mm

Product Name
Towel Tray

Model
K-ZJ011

Product Size
140*222*20 mm

Product Name
Kettle Tray

Model
K-L7-1

Product Size
385*265*30 mm

Product Name
Tea Caddy

Model
K-L7-2

Product Size
165*65*50 mm

Product Name
Frosted Mug

Color
Platinum Grey

Capacity
370 ml

Product Size
115*Φ78*95 mm
